

Dicembre 2003

"We have a customer in the U.S that makes airborne radio frequency communication equipment for government military organizations all over the world. Our customer also purchases major subassemblies and subsystems from overseas countries such as Italy.

We are looking for a few quality assurance personnel that can do surveillance and observe testing of the progress of the procurements in Italy. This is not a full time position and is required as needed by the manufacturing cycle.

If you are interested and available please submit a detailed C.V showing your qualifications. If you are not

available, perhaps you can recommend someone.

"Dear Silvano,

I am looking for recommendations of candidates for a Vice President of Membership Services for a professional society in the Philadelphia suburbs.

My client, The Society of Cable Telecommunications Engineers Inc., provides technical training, certification, and standards to the cable telecommunications and related industries. SCTE has 70 local chapters and meeting groups in the U.S., Canada, and South America and is an accredited standards developing organization of the American National Standards Institute. SCTE has an annual budget of approximately \$8M and a staff of about 35.

This position is a Vice President position and is a member of the senior leadership team of SCTE. If you know of anyone who is looking for a great career opportunity please give me a call or drop me an email.

Thanks in advance for your help.

Have a very happy holiday season.

Best regards,

Chris Dowell President, The Breckenridge Group Executive Search
